Subject: Parchment and Cooper Township Data

Hi Vern,

Jim requested the following numbers. Can you help me out with obtaining this data?

- Number of residents in both Cooper Township and the City of Parchment affected by the PFAS in the water source: City Water customers (properties on city water) = 1646, Properties On Water Wells = 409 (these are wells within 1.5 miles of the City of Parchment wells and east of the River)
- Number of filters given in both Cooper Township and the City of Parchment: 321
- Number of residents on bottled water in both Cooper Township and the City of Parchment: 209 (These are the number of properties that are utilizing bottled water from Gordon Water as of 11/7/18).

Thanks,

Mary Franks
